ADDRESS CORRECTION REQUESTED **RUSH — TIME DATED**

UCSF is cosponsoring a two-day program on Friday and Saturday, July 25 and 26, in Cole Hall for nurses and other health professionals who care for persons with AIDS or ARC. The conference will highlight recent advances in clinical management of AIDS patients and the latest research findings to be reported at a June 1986 Paris meeting.

In addition to attending keynote presentations, participants may choose from four concurrent sessions covering basic medical and epidemiologic AIDS/ARC information, medical implications, psychological issues, groups at risk and legal, social, political and educational issues.

Part of the program will include the showing of an abridged version of the play "Unfinished Business: The New AIDS Show" the evening of July 25.

Tuition is $80 with CE credit, $40 without for all paid and volunteer staff of sponsoring agencies; $100 with CE credit, $80 without for others; persons with AIDS/ARC complimentary; full-time students $40; single day registration $60. Cost of the July 25 AIDS show is an additional $5. For further information call x67360.

UCSF keynote speakers will include Chancellor Julius R. Krevans, MD; Cliff Morrison, RN, MS, director of medical nursing, SFGH; Constance Wofsy, MD, codirector, oncology/AIDS activities, SFGH; and Jay A. Levy, MD, professor of medicine.

Summer permits for the UCSF Parking Garage now are available. Rates are: $35 for June 15-July 15, $38 July 16-Aug. 14, $57 Aug. 15-Sept. 30. There also is a refundable $20 deposit for each garage entrance card. To purchase a summer permit visit the Parking Office, Millberry Union Garage, Room MU 16, weekdays, 8 a.m. to 4:30 p.m. For further information call x62566.

The Northern California Cancer Program is sponsoring another in its series of one-day symposia on cancer treatment on Friday, June 20, in Cole Hall. Course fee is $10. Registration deadline is Thursday, June 12. For further information call Leila Colmen, 723-7431.

Pending final approval by the State and UC Regents, 16 one-time dissertation year fellowships soon will be available to UC graduate students. The campus Graduate Division expects one or two fellowships to be awarded to UCSF graduate students.

The dissertation year fellowship awards, for some $12,000 each, will be made to UC graduate students in the final stages of their doctoral work. Applicants must be members of underrepresented domestic minority groups, namely American Indians, Black Americans, Mexican Americans, Puerto Ricans, Pacific Islanders; as well as non-minority women in disciplines in which women are severely underrepresented among UC graduate students.

All applicants should demonstrate strong potential for university teaching and research, must be advanced to candidacy and have dissertation work well under way by June 30, 1986. Eligible students must be nominated by their program director and dissertation chair. For further information contact Clifford Attkisson, PhD, x61555 or Carmen Hoover, x62310.

Worried about gaining weight after "kicking the habit?" The UCSF Habit Abatement Clinic offers a free program for cigarette quitters who are worried about gaining weight after they stop smoking.

Weight gain after quitting smoking is a well-documented phenomenon, said Sharon Hall, PhD, director of the clinic. According to Hall, the mean gain ranges from 8 to 11 pounds over one year, although it can be greater in some groups.

The clinic is accepting applicants between the ages of 21 and 60, who are not pregnant and do not have heart or lung disease, diabetes or high blood pressure, and who are not on special diets. For further information call x67453.

Thirty-seven women faculty from professional schools and universities around the world will be participating in the third annual Women, Health and Healing Summer Institute from June 20 to July 2 at UC-Berkeley.

Sponsored by the UCSF Department of Social and Behavioral Sciences, School of Nursing, the Institute will present a wide range of instructional strategies and topics, including policy analysis, health of ethnic minority women, aging and women's health, substance abuse among women, women's reproductive health, lesbian health, women as health care providers, women's mental health and new immigrant women.

The Women, Health and Healing Program is a graduate program in the social sciences and nursing. Besides the summer Institute, it also offers a special set of courses for continuing education students. For further information contact Virginia Olesen, PhD, Room N 631Y, x62453.

The campus community is reminded that all federal agency forms which show the University's support of an H-1 visa, alien employment or permanent residence require the authorized signature of either Senior Vice Chancellor David Ramsay for academic appointments or Personnel Manager Charles Francis for nonacademic appointments. For further information contact Bill Wilson, Services to International Students and Scholars, x61773.

DEADLINE

Deadline for the next issue of *Today & Tomorrow*, covering the time period June 28-July 18, 1986 (3 weeks) will be **Tuesday, June 17, 11 a.m.** Please send your copy to Allen Balderson, News & Public Information Services, 532 Parnassus Ave., Rm. 300, x61541 or x62557.

Vol. 12 No. 11, June 7-27, 1986

TODAY & TOMORROW

JUNE 7-27, 1986

Ninety-three dental students and 18 dental hygiene students will graduate from the School of Dentistry on Saturday, June 14, at noon at the Masonic Auditorium, 1111 California St.

Edward J. Taggart, Jr., DDS, associate clinical professor, stomatology and periodontology, will address the graduates. Graduate Anthony Fernandez, DDS, will serve as master of ceremonies.

Grand marshall and procession leader will be Robert F. Brigante, DDS, clinical professor and vice chair, restorative dentistry.

The recipient of this year's Francis A. Sooy Chancellor's Cup, which is presented to the graduating dental student voted by faculty and fellow graduates as most outstanding in the class, will be announced during the ceremony.

Students winning multiple awards at the school's pre-commencement ceremony on May 28 included:

- Robert E. Bell, American Association of Oral and Maxillofacial Surgeons Award, Alpha Omega Fraternity Award, Milton F. and Mary L. Gabbs Award, Omicron Kappa Upsilon member;
- Shelley H. Miyasaki, American Academy of Oral Medicine Award, Oral Pathology Award, Robert W. Rule, Jr. Award, Omicron Kappa Upsilon member;
- David T. Constant, Student Research Award, American Association of Orthodontists Award, Professional Development Award, Omicron Kappa Upsilon member;

John Richard Frankeny II, MD, of Pittsburgh, PA, received the celebrated Gold-Headed Cane award at the School of Medicine commencement for 141 medical students on June 1. Runners-up for the award were Georg Emlein, MD, of Mill Valley, and Mark W. Satterfield, MD, of Belmont.

The Gold-Headed Cane is the highest honor a graduating medical student can receive. The original Gold-Headed Cane, after which the UCSF award is patterned, has been a symbol in English medicine since 1689. The tradition was initiated at UCSF in 1939.

All three nominees for this year's award were inducted into the distinguished Gold-Headed Cane Society the evening prior to commencement.

Due to the number of outstanding candidates, six faculty members—instead of the traditional three—were selected as the recipients of the 1986 Kaiser Awards for Excellence in Teaching: Eric Goosby, clinical instructor of medicine; David B. Hellman, assistant clinical professor of medicine; Roger P. Simon, associate professor of neurology; Donald E. Ganem, assistant professor of microbiology; Kent T. Yamaguchi, assistant clinical professor of surgery, Valley Medical Center, Fresno; and Herbert Schub, clinical professor of medicine (honorable mention).

Graduating students selected eleven additional faculty members to receive awards for excellence in teaching: Melvin Cheitlin and Nora Goldschlager, cardiology; Diane S. Colby, biochemistry/biophysics; Carol Jessop, Kenneth A. Woeber and Lawrence M. Tierney, Jr.,

(Continued inside, column 3)

Three additional UCSF faculty were elected to membership in the American Society for Clinical Investigation at its annual meeting in early May in Washington, DC. They were: Thomas D. Boyer, MD, chief, gastroenterology, VAMC; Walter L. Miller, MD, associate professor, pediatrics; Lewis T. Williams, MD, associate professor, medicine.

"Psychiatry—Past, Present and the Direction of Tomorrow" will be commencement speaker Margaret T. Singer's topic at the Department of Psychiatry's graduation on Friday, June 13, at 3 p.m. in Cole Hall. Singer is professor of psychiatry at UCSF and psychology at UC-Berkeley.

Craig Van Dyke, MD, associate professor of psychiatry, will serve as master of ceremonies at the commencement, during which 53 students will receive their diplomas, including 17 residents in psychiatry, 5 fellows in child psychiatry, 4 doctoral students in aging and mental health, 3 in human development and aging, 9 in clinical psychology, 7 in health psychology and 8 doctors of mental health.

Several awards will be presented to graduates and faculty members during the ceremony.

Graduates and guests are invited to attend a reception in the Millberry Union combined lounges following the ceremony, as well as a graduation party on Saturday, June 14, from 7 p.m. to midnight at the Fort Mason Officers' Club. Saturday's party is $20 per person. For reservations call Dianne Mooring at x67577.

June T. Bailey, RN, EdD, associate dean of academic affairs in the School of Nursing and a member of the campus community since 1949, will retire on June 30.

Associate dean since 1977, Bailey has prepared hundreds of students in administration for management positions in a variety of health care settings. Many have gone on to be leaders in executive and policy-making positions in schools of nursing, health care centers and government and professional organizations across the country.

Bailey, who also is a professor of mental health and community nursing, has served as acting dean 1983-84, 1980, 1976-77 and 1955-57 and assistant dean for academic affairs 1975-76. While at the School, she has been director of three projects, the latest on stress and coping mechanisms for health care providers.

Another top administrator in the School of Nursing, Susan R. Gortner, PhD, will return to her position as full-time professor in the Department of Family Health Care Nursing beginning July 1. The School is retiring the position of associate dean for research, which Gortner established and has held for the last eight years. Under her leadership, academic departments now have taken on most of the activities once held by that position. Remaining research services in the Dean's Office will be under the direction of William L. Holzemer, PhD, who also is responsible for computer and evaluation resources.

Gortner was recruited to UCSF in 1978 from her post as chief of the nursing research branch, Division of Nursing, Health Manpower, Health Resources Administration. Under her leadership the UCSF School of Nursing has solidified its research administration, greatly improving its submission and approval rate for extramural research funding.

Nominations are being accepted for the J. Elliott Royer Award, which will be presented by UCSF to a San Francisco or East Bay physician who in recent years has made outstanding contributions to the field of psychiatry.

The award alternates each year between psychiatrists and neurologists and includes a $15,000 grant, established by an endowment from the late Dr. Royer's estate.

This year's nominees must be active in the field of psychiatry in the counties of San Francisco, Contra Costa or Alameda. Letters of recommendation should be submitted by Monday, June 30, to the Royer Committee, Office of the Dean, School of Medicine, Box 0410, Room S 224.

(Medicine Commencement continued)
medicine; William C. Krupski, surgery; Warren E. Levinson, microbiology; Henry J. Ralston, III, Sexton Sutherland and Jack DeGroot, anatomy.

Eight residents were recognized as outstanding house officers: John Freedman, anesthesia; Frank Hanley, surgery; Sally Archer, ob/gyn; Ajit Jetmalani, psychiatry; Dan Lowenstein, neurology; Richard Maus, family and community medicine; Vicki Schneider, pediatrics; and Wesley Van Voorhis, medicine.

Graduating Doctor of Nursing Science students will present Leonard Schatzman, PhD, with the "Mentor of the Year" award during the School of Nursing commencement ceremony on Saturday, June 7, at 10 a.m. at the Veterans Theatre, Marin Civic Center in San Rafael. Schatzman is vice chair and professor, social and behavioral sciences.

Two "Teacher of the Year" awards also will be presented during the ceremony. Graduating MS students have selected Marilyn E. Flood, PhD, associate dean, academic programs, and assistant clinical professor, mental health, community and administrative nursing; graduating BS students have chosen Claudia M. West, MS, visiting lecturer, physiological nursing. (See the May 24-June 6 issue of *Today & Tomorrow* for complete School of Nursing commencement information.)

One hundred twenty-five students will receive PharmD degrees during the School of Pharmacy's commencement exercises on Sunday, June 22, beginning at noon at the Louise M. Davies Symphony Hall.

The School of Pharmacy's top award, the Bowl of Hygeia, will be presented to one of five graduates: Craig Ballard of San Diego, Paul Donatoni of Santa Monica, Bernadette Dugoni-Kramer of Burlingame, Cheryl Hirata of Carson or Mary Evelyn Rose of San Francisco.

The recipient will be the senior pharmacy student who, in the estimation of instructors and fellow students, best demonstrates the qualities of the ideal pharmacist.

Robert D. Gibson, PharmD, associate vice chancellor and registrar, academic affairs, will deliver the commencement address, entitled "The World According to Gib."

Alumni speaker will be Vincent H. Angell, '52, president of the UC Pharmacy Alumni Association.

An exhibit entitled "Chauncey D. Leake and Anesthesia" now is on view in the Rare Book Room on the third floor of the UCSF Library. The exhibit is a collection of anesthesiology materials Dr. Leake collected in the 1930s, including photographs, publications and manuscripts from nine individuals who contributed to the development of anesthesia in America.

Also on display in the large case just outside the Library is the exhibit "A Family Tradition Continues," which shows 10 facsimiles of manuscripts from the late middle ages. The manuscripts are gifts of the families of Dr. Leake.

Editor's Note: In the last issue of *Today & Tomorrow*, Marylin J. Dodd was listed incorrectly as holding a clinical appointment. She actually is an associate professor of physiological nursing and also holds the prestigious position of an American Cancer Society Professor of Oncology Nursing.
